Notice Regarding Filing of Shelf Registration Statement for Issuance of Corporate Bonds

YAMAZEN CORPORATION (the "Company") hereby announces that it has today filed a shelf registration statement for the issuance of corporate bonds with the Director-General of the Kanto Local Finance Bureau.
The Company and its group recognize that securing diverse means of financing for growth investments is an important management issue in order to pursue capital profitability while maintaining financial soundness, with a view to realizing medium- to long-term enhancement of corporate value.
Based on this recognition, the purpose of this shelf registration is to establish a framework that enables the Company and its Group to raise funds necessary for future growth in a flexible and timely manner, together with indirect financing from financial institutions and other means of financing, by diversifying its funding sources with the aim of enhancing financial stability.

An outline of the shelf registration statement is as follows:

1. Type of Securities to be Offered	Corporate bonds
2. Planned Issuance Period	From the expected effective date of the shelf registration to two years thereafter (from September 19, 2026 to September 18, 2028)
3. Planned Issuance Amount	JPY 30 billion
4. Use of Proceeds	The proceeds are expected to be used for investments and loans, capital expenditures, repayment of borrowings, redemption of corporate bonds, acquisition of securities, and working capital.

The planned issuance amount represents the maximum aggregate amount of corporate bonds that may be issued during the planned issuance period of two years.
With respect to the actual issuance of corporate bonds in the future, the Company will flexibly consider the timing, amount, maturity and other terms of issuance, taking market conditions into account.
